

Comprehension:

# Spring

Spring is one of the four seasons of the year. It is the most beautiful season and starts at the beginning of September. We can see many different types of colourful flowers. At the beginning of Spring birds fly back to warmer countries.

This is the time when flowers bloom and trees begin to grow. The days grow longer and temperatures become warmer. Spring is a season for happiness and laughter.

I. Read the story and answer the following questions.

I.1 Which season are they talking about? \_\_\_\_\_

I.2 When does Spring start?

\_\_\_\_\_

I.3 What happens to the flowers and trees in Spring?
