Thank You Card

Good day to everyone!

Today you are going to make a creative thank you card for your family sharing lockdown with you! We want to thank them for everything and ensure them of our appreciation during these extraordinary times.

Use any paper or a piece of cardboard for your card. Decorate the front and use the words Thank You. Write a message on the inside. Use words like special, love and appreciate to ensure the message comes straight from the heart!

Put your card on display where everybody can see it and enjoy it!
